DoubleTree Guest Suites Washington DC Announces NEW Precor® Equipped Fitness Center

Hotel Features 105 Extended Stay Suites

Washington DC — January 1, 2009 — The Doubletree Guest Suites Hotel in Washington DC, announced today that the new fitness center has been completed at the hotel and outfitted with industry-leading Precor® equipment.

“We are proud that the Hilton Family® of hotels has partnered with Precor® to equip our new fitness center with the most technological advanced fitness systems available. Our guests have been awaiting the new expanded on-site fitness center and teaming up with Precor® has allowed us to deliver in a way that has exceeded all expectations,” remarked Stu Levy, General Manager, DoubleTree Guest Suites Hotel Washington DC.

The Doubletree Guest Suites Hotel features 105 newly renovated two-room suites with fully equipped kitchens and separate living and sleeping rooms. The newly equipped fitness center, with Precor® equipment, is ideally located on the ground floor and is complete with free weights, towel service, multiple treadmills, ab benches and more. A complimentary new business center is available for your computing needs including those coveted boarding passes. The Washington DC DoubleTree location is second to none. The extended stay hotel is located just across from George Washington University about one block from the Foggy Bottom Metro Station, near the Kennedy Center for the Performing Arts and within walking distance of the National Mall. For more information about this hotel in Washington DC, visit us on the Internet at <http://www.DoubleTreeDCHotel.com>. The hotel is a member of the Hilton Family® of hotels and offers guests the opportunity to participate in Hilton HHonors® exclusive loyalty program where they can earn Points and Miles® for any qualifying stay.

About Island Hospitality
